INTRODUCTION

amp.wordmeaning.org is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.

furoya has contributed to the dictionary with 15139 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

nobel

Alfred Bernhard Nobel was a chemical Swedish inventor of dynamite, who became rich thanks to its steelworks and arms production. At his death in 1896, were instituted the prizes that bear his name with part of that fortune, bequeathed as a last wish to do so. His surname was originally Nobelius, but by fashion ever Latino terminations of names, keeping the stress were eliminated. That is why the word is acute.

nocaut

Transliteration of English " 34 knockout; abbreviated as Ko. See: knock out.

nocebo

Substance that is supposed to have a harmful effect but lacks any active substance and can only create a suggestion of harm in the wearer. The name is of Latin origin and can be translated as "I will damage". See placebo .

noche de los muertos

I would like some Mexican collaborator -or from some other country where it is also celebrated- to confirm if this species that I have been told is really used: "night of the dead" would be the night between November 1 and 2, which correspond to the festivity of the "Day of the dead".

nocheriego

It can be a localism or a neologism linking nochero ("nocturnal") with the suffix -iego (which creates an active relationship with what it modifies), although nocturnarniego already exists.

nocheriego

It can be a localism or a neologism linking nochero ("nocturnal") with the suffix -iego (which creates an active relationship with what it modifies), although nocturnarniego already exists.

nocivo

It is said of something or someone "harmful, harmful". It comes from the Latin nocivus, a, um with the same meaning. See nocebo .

nocivos

Plural of harmful .

nodulae

As far as I know, the Latin word nodulus, i ("nudito") is male only and second declination, has no ending in _ae. And even if I had it, this is a dictionary of Spanish, and here it can just be an error by nodules, modules, modulates, modular, . . .

noema

1º_ In philosophy it is the thought itself. From the Greek 957; 959; 951; 956; 945; (noema "thought") . See noesis, dianoia . 2º_ Woman's name.

noemí

It is a woman's name of Hebrew origin like Naomi, although instead of the Greco-Latin transliteration it could have been taken from Yiddish, where the pronunciation 'nemi' is more similar to ours.

noirlanesa

It does not exist in Spanish. It may be a mistake because of a feminized form of 'non-Irish', which would come from a negative referendum voted in Ireland.

nolete

Although Nolete is the nickname of the footballer Manuel Copena Araújo, a remembered goalscorer of Celta de Vigo in the mid-twentieth century, the entry appears in this dictionary because of a typo error or trust in my auto-corrector, since the link I put in 'mushroom jolete' should have read 'xolete', which is the Nahuatl name for several mushrooms.

nom plus ultra

Error by Latin phrase "non plus ultra" . See also plus ultra .

nomadas

Plural of nomad.

nombre antonella

See name, Antonella .

nombre de fantasía

It is a commercial or promotional name for a company or product, which does not necessarily have to match or resemble the company name or legal name.

nombre de pila

It is the proper name that is added to a person's last name from birth as an official or legal identification. The locution comes from the baptismal font used by some religions (especially Catholicism) to give sacrament to children. Before the existence of civil records, each church made a book with the name and date of baptism of its faithful, which had an official value in the absence of a better one.

nombre lidia

View name , Lydia .

nombrete

A derogatory form of "name," used to call the nickname, the family nickname. It is common in some regions such as Cuba or the Canary Islands.

nomofobia

While the " meaning " popular is that mentions Alfredo Edgardo Alvarez Ahumada, actually looks like a joke (34-style; Nessiteras Rhombopteryx ") because etymologically stripe the papelón. It is assumed that it comes from the phrase in English " NO MObile-phone PHOBIA " covering a little more than phones, since it is the fear to be disconnected from the network. The problem appears when we understand that phobias (as pathology) are baptized taking words from classical Greek (as long as possible) and the concept of " connection " It already existed at that time. The fear of being disconnected from internet, phones, cableTV and the like, would be something like Aposindeofobia, formed by 945; 9< 959; (apo, 34, missing, lacking ") 963; 965; 957; 948; 949; 963; 951; (syndese, " 34 connection;) and 966; 959; 946; 959; 9> (fovos, " 34 fear;).

nomofobico

nomofobico is incorrectly written, and should be written as nomofobico being its meaning:
In fact, the word " nomofobico " that refers to the explanation of Claudia, is a donkey; but to get by the best definition would be " someone who suffers from nomophobia ". For etymology see: Nomophobia.

nomofóbica

Female nomophobic. For etymology see nomophobia.

nomofóbico

You have nomophobia. It is actually "he is afraid of the laws" , after the Greek 957; 959; 956; 959; 9> (nomos , "law") 966; 959; 946; 959; 9> (fovos "fear") 953; 954; 959; 9> (-ikos "relative to") ; but they invented that ridiculousness of the mobile phone that luckily seems that it did not prosper, because it is very evident that it does not have seriousness.

nomológico

Relating to nomology, which studies or is based on previously established laws. from Greek 957; 959; 956; 959; 9> (nomos "rule, norm") 955; 959; 947; 953; 945; (lodge "knowledge") 953; 954; 959; 9> (-ikos "relating to") .

nono

Familial form of call to the grandfather, especially if it is of Italian origin, where nonno has the same meaning and comes from the latin " nonnus,-i " (" elder "). The feminine is " 34 nona; (lat; " nonna, - ae ").

nonón

1º_ It is an affectionate augmentative of nono or noni ("sleep, sleep") that is used a lot in Spain with the expression "a

nonón" to tell a child that it was time to go to sleep. 2º_ It is the name of anime characters, comic strip, children's story, . . . 3º_ It can also be an error by an augmentative of ñoño .

nonsense

Literary genre appeared in England during the nineteenth century, perhaps from the limericks of Edward Lear. Its main feature is absurdity, lack of logical, or semantic, or simply the use of words invented by its metric or melody for the case.

An example of a nonsense novel is found in the works of Lewis Carroll where Alice enters worlds with her own logic, totally alien to which she (and the reader) are accustomed. The name comes from English and consists of the prefix non_ ("no, without") sense .

noquear

okupa

1°_ Inflection of the verb okupar . See verbs/squat . 2°_ It is an apocope of "squatter", "squatter", who occupies a physical place that legally does not belong to him to live, sow, carry out social or cultural activities. The change in "occupant" of the letter /c/ for a /k/ is to differentiate the motive from the usurpation, since it has a political origin that claims the use of all unoccupied premises by society, especially in cities with housing deficit and inhabitants who can not access a home. Although the name is also used by intruders who do not claim the Squat Movement, but settle illegally on land or housing. Ver squat (english / squatting) , provo (Dutch provocerend) , Situationist International , favela , villa miseria .

omertá

It is the Castilian form for the name given by the Sicilian mafia to the "law of silence", supposed code of honor that punishes with death the cascittuni, who informs or betrays matters of the organization, especially if they are criminal and does so to the police. In Italian it is omertà, and its origin is disputed; it can be a version of the Neapolitan 'umertà' ("humility") or the Spanish 'hombredad' ("virility, manhood").

ominoso

Full of bad omens. From Latin ominosus (laden with evil omens), by Omen, is ([bad] omen).

omitologia

omitología is incorrectly written and should be written as "ornithology, mythology" being its meaning:
To begin with, insurance is there missing an accent. The definition of Henry Medina V. It is very nice, but it is clearly a joke, because that Word does not exist in Spanish, and he would be joining the latin omittere (" ob, mittere " , " omit, against making ") with the Greek 955; 959; 947; 953; 945; (Lodge, " 34 knowledge;). It is likely that who consulted read it from a distance and mistook " rn " " m " , or tipeó a " or " over at the beginning. See: ornithology. See: Mythology.

omitología

I do not know, maybe it is an attempt to whitewash for jokes like 100< omitology, or other similar ones already published; But they don't exist.

omnes vulnerant, ultima necat

"Omnes vulnerant , ultima necat" is a Latin proverb written on sundials and also on those of churches, which translates as "all [hours] wound, the last kills". Ver ingles/grow old along with me , the best is yet to be .

omnifobia

It is another name for pantophobia, unnecessary and misconformed, since the 'omni' component is Latin for omne, is ("all"), and not Greek as the convention would be. See -phobia .

omología

It does not exist in Spanish, but I put it as a joke in 100<ornologia (another burrada) and even defined it as "study of the shoulders", by the Greek (omos "shoulder, upper back") 955; 959; 947; 953; 945; (lodge, "knowledge"). I guess someone consulted it from there and automatically entered the list of anonymous requests.

ondina

In Greek mythology, the Undines or Nereids were nymphs naiads (41 freshwater; with torso of woman and fish cauda. Merges them popularly with sirens, which are half woman and half bird.

one hit wonder

It is clearly an English locution that could be translated as "the wonder of a single hit", and is used in the media and especially in the recording field for a work and/or a musician who is known for a single hit in his career. As it does not have a spanish version adjusted we use it the same as in English, where there is some subtle irony difficult to translate. See hitero .

oneirofobia

Variant of onyrophobia ("fear of falling asleep"). See hypnophobia, clinophobia, onyrophobia and the somewhat debatable somniphobia.

onfálico

Concerning the Queen Ónfale. Because of a mythological gossip spread by the God Pan telling how Heracles wore the soft clothes of their Queen, and Omphale to change was covered with the skin of the Nemean Lion which belonged to the hero, was in the popular imagination the onfalica image of the woman who som ETE and humiliates male man forcing him to show such as femina.

In English it can be Office of Naval Intelligence ("Office of Naval Intelligence", of the United States). 4º_ 'ONI' is the IATA code for Moanamani Airport, in Papua (Indonesia).

onicofagomanía

Onicofagia means " eat nails " as the nails are not edible, assumes that it is a hobby, but the correct term for the compulsive Act of eating is the nail is onicofagomania, from the Greek 959; 957; 965; 958; (Onyx, " 34 nail;) 966; 945; 947; 949; 953; 957; (fagein, " eat ") and 956; 945; 957; 953; 945; (mania, " madness, obsession ").

onicosis

Nail disease. The explanation and synonym of July M Quinones are more for the Latin suffix taken from the Greek _osis, _sis (969; 963; 953; 9> 963; 953; 9> process, training) which is used in medicine to indicate a pathology; and in this specific case for the nails, from the Greek 959; 957; 965; 958; (onyx nail). Not to be confused with Onychomycosis, which is included but is not synonymous with onicosis.

onicotomía

Word of Greek origin meaning " 34 nail trimming.

oniomanía

Obsession with buying products, even if they are not necessary; It's what a compulsive shopper suffers from. It is taken from the Greek times 969; 957; 949; 959; 956; 945; 953; (oonéomai "buy") and 956; 945; 957; 953; 945; (mania "madness" , "obsession")

oniro-

Prefix of Greek origin as 959; 957; 949; 953; 961; 959; 9> (oneiros "sleep, daydream") for "sleep" or "have dreams while sleeping".

onirocritico

The verb 100< Onirocritic doesn't exist, so it must be a mistake by onirocritic.

onirofobia

It is an irrational fear of falling asleep, it can also be a fear of dreaming something. It comes from the Greek 959; 957; 949; 953; 961; 959; 9> (oneiros "dream, reverie") 966; 959; 946; 959; 9> (fivos "fear") . See hypnophobia, clinophobia, oneirophobia.

onirograma

I would like to believe that it is some error by organizational chart, but no, it is a that means graphic representation of dreams to fulfill. The problem is not with 947; 961; 945; 956; 956; 945; (gramma "letter, written") but with 959; 957; 949; 953; 961; 959; 9> (oneiros "dream, reverie") . It turns out that in Spanish 'sueño' ("period in which we sleep"), 'sueño' ("imaginary representation while we sleep") and 'sueño' ("desire, longing for the future") are homonyms; but for the latter the Hellenes had another word (in fact, they had many words) and 'oniro-' as a prefix or Spanish lexical component taken from the Greek refers only to physiological sleep and in some cases to nocturnal fantasies, but never to the longings that we hope to fulfill.

onis

Plural (Castilianized) of oni ("Japanese ogre").

onís

Municipality in the community of Asturias (Spain).

onomatopeya

Figure of speech using words that imitate or recall the real sound of what you are mentioning. It is a voice of Greek origin, formed by 959; 957; 959; 956; 945; (onoma, " appoint ") and 9< 959; 953; 949; 969; (poieo, " produce ").

onomaturgia

Art or occupation of creating names, of baptism in the sense of name assignment. It comes from The Greek 959; 957; 959; 956; 945; (onoma "name") 949; 961; 947; 959; 957; (ergon "work, work") . The definition of Danilo Enrique Noreña Benítez is closer to philology.

onomástico

Concerning the name. Confusion with the anniversary of the birth comes from the ancient custom of using the calendar of Saints of the day of the birth to baptize the babies, so it agreed the birthday and the day of the Saint with his name, but the birthday is only for the latter. The origin of the word is in the Greek 959; 957; 959; 956; 945; 950; 969; (onomazo name, nominating) 953; 954; 959; 9> (relative _ikos to).

ononis spinosa

It is the scientific name of a plant mentioned in gateña, gurumaca, balomága, abreojo. The name ononis was taken by Carl Linnaeus from a generic description made by Pliny the Elder for other plants, surely alluding to the "donkey's hoof" by the Greek 959; 957; 959; 9> (onos "ass") with 959; 957; 965; 958; (onyx "nail"), and spinosa ("thorny") is a Latin word.

ontananza

ontananza is incorrectly written and should be written as "offing, hontananza" being its meaning:
It is possible that they wanted to consult by " lontananza " , as supposed Danilo Enrique Noreña Benítez, but it is more likely to want to the misspelled word be " hontananza " , and in this case would be a poetic name somewhere far away from home for some (not necessarily with water). See: Lontananza. See: spring. See: Hontana.

ontonomía

It is a term of philosophy to name what is proper and inalienable of a person for his condition; sociology and psychology are the innate rules or behaviors independent of the environment or education. It seems created by the philosopher and religious of Opus Dei Raimon Panikkar, and is not much out of his texts, where he applies it both to the scientific method and to being conscious. It consists of Greek voices 959; 957; 964; 959; 9> (ontos "ente, el ser") 957; 959; 956; 959; 9> (nomos, "law").

ontónimo

Relative to ontonomy.

opacarofilia

It is a word with a rather dubious etymology, although there is some antedent. It is supposed to be the pleasure of loving or admiring the sunset, but it turns out that opaque in Latin is "shadowing, shading", not necessarily by falling the sun; the darkening of the sunset is crepusculum, i ("sunset, little darkness") , and 966; 953; 955; 953; 945; (philia, "love, affective inclination") is Greek, which brings us to the next point. Phobias, phillas and lagnias are taken from classical Greek and are not mixed with Latin, but this is not a pathology but a hobby, and there is already a background (see somnophilia), so this detail can be understood as a way to make a difference , especially since heliobasilemafiliias is almost unpronounceable. But twilight no longer so much. See twilight.

opacidades

Plural opacity .

opaco

1°_ That it is not transparent and does not allow the passage of light, therefore it cannot be seen through; Also it doesn't

oral

Relative to the mouth, and by extension, to the word . It comes from the Latin oralis, e with the same meaning. See language .

orale

Pronominal form for an inflection of the verb to pray. See verbs/orá , le ("third person singular pronoun").

orasion con la palabra hipsipila

See prayer, word, hypsipyla, hypsipyla, hypsipyle.

oráculo

It is related to the answers or predictions that come from a divinity, it can be the same word or prophecy, the place where it is consulted, or the person who serves as a means to convey the message. By extension of this last meaning it is also said of someone with great wisdom and who imparts his knowledge. It comes from the Latin oraculum, formed by the verb orare ("to speak, sometimes to pray") with the suffix -culum castellanizado, which in this case would not be a diminutive but an instrumentalizer.

orbitarias

Female plural orbitary .

orco

Classic divinity of hell. From the latin Orcus, i (also, Pluto) and the Greek 927; 961; 954; 959; 9> 32; (Orkos) Although the origin is older, the character existed as an entity exit underworld in Celtic mythology.

See paica, grela, which have several meanings, but surely tried to consult (badly) by the lunfardas versions of "woman".

paidocracia

It is the Government's children, or better, the Government for the children. It comes from the Greek $\pi\alpha\iota\delta\acute{\iota}\varsigma$ (Paidós) that means "34 child; and $\kappa\rho\alpha\tau\acute{o}\varsigma$ (cratos) that is "power" or "Government".

paidofobia

Pathological fear of children. Greek $\pi\alpha\iota\delta\acute{\iota}\varsigma$ (Paidós, "34 children;") and $\phi\omicron\beta\omicron\varsigma$ (phobos, "34 fear;").

païrdofilia

It is a mistake for paidophilia ("paraphilia of sexual attraction to children"). See pedophilia, pederasty, ephebophilia, hebephilia, physician/pedophilia.

país fracasado

The only thing I can think of without context is to recommend a look at the country and failed.

paja

Vulgar way call masturbation. It comes from the 'pajabar' Caló ("play without concealment or shame"). It is also laziness, lack of desire to do something, probably because when some are bored and with nothing better to do, they end up masturbating.

paja de burro o rabo de zorro

Another regrettable attempt of synonym-turned-consultation; this time for 'vulpines' (which should be vulpine, by the "carricera"). 'donkey straw' and 'fox tail' are vulgar plant names, although I can't say for sure they're the same.

pajabrava

pajabrava is incorrectly written, and should be written as "Paja Brava" being its meaning: 40 cartoon character; comic) Aquiles Frabegat and Tabaré Uruguayans. The text was written as Gaucho verse and the misadventures of a chieftain that plagued by sexual needs was not Indian to fulfill them, and ended each chapter masturbating on grasses.

pal coño en venezuela

I would remember that there is no dictionary of venezolanisms 128513; , but it turns out that even this is not a venezolanism. Here the only doubt may be in 'pal' because the contraction of "for the" is usually written "pa'l" (which is obviously a vulgarism), and the rest is the classic expression using a swear word to reinforce the idea that something is wrong, such as "for the ass" or "for the shit". See pussy ("vulva") , Venezuela .

pala narcicista

See: shovel. See narcissistic.

palabra

1o_ Each unit of language with its own meaning . In writing they are usually separated with spaces or punctuation marks, when talking they are separated with pauses of silence. From medieval Latin parabola ("parable, proverb") , which in classical Latin had the same meaning as it took from the Greek 9< 945; 961; 945; 946; 959; 955; 951; (parabolé "marginal description, by indirect comparison") . 2nd_ Broadly speaking is the ability to express yourself. 3rd_ For the above, value of the testimony or promise expressed. 4th_ In discussions it is called 'word' to the turn to speak .

palabras en cakchiquel

See word , cakchiquel .

palabras homofonas

They want to be the plural of the word and the plural feminine of homophone.

palabras que empiecen con inr

Of course it's a misplaced query for a dictionary, and more for one in Spanish; but it turns out that we do have a word that starts with "inr_". In case readers appear in other languages, I take the opportunity to clarify that the proprietary or inclusive prefixes "in_" lose the jan before an erre, and the only exceptions would be the acronym and perhaps some acronym, thus ending up in the word inri.

palabras sobreedrujulas

See word, over-sdrújula, sobresdrújula.

palabricidio

And. . . is a neologism that applies to many queries in this dictionary. It would be the "murder of a word", and it is made up of 'word' the suffix '-cidio'.

paleta

Feminine of paleto.

paleto

Rustic person, usually of a rural culture that is located in a city and does not know how to behave. In the form of mockery, it is called with a disparaging "spade", which is a tool used in the field.

palette

It is not Spanish but French, where palette means "palette", especially that of colors or paint. See pantone, and for some mistake also pallet.

palindromofobia

It is not very believable as a phobia, but it would be the "fear of reading, writing and/or saying palindromes". It might appear as a neurotic component because of some obsession with symmetries, but it's very rare. So much so, that it does not even appear in lists of pathologies, although this may be due to the convoluted pronunciation so other simpler names were invented such as aliphobia or the not very serious aibophobia.

palita

1º_ Diminutive of pala (in its various definitions) . Palita is a small town in the municipality of Coxcatlán (state of Puebla, Mexico). It is actually also a diminutive, since until 2013 it was called Pala, after the Nahuatl pale ("black mud") la ("much quantity") which translates to "dark neighborhood".

It is a play on words (or a word) where a text can be read as much from left to right as from right to left (accentuation is ignored and in the case of a sentence also the spaces and punctuation marks). The name is of Greek origin, '9< 945; 955; 953; 957; 948; 961; 959; 956; 959; 9>' (palin dromos) means "to travel a route again, to go back the way". See capicúa .

pallet

For Spanish it is an Anglicism, originated in the French palette (pallet "paleta") that was Castilianized directly from there as pallet ("platform that facilitates the stowage with crane or forklift"), although the version 'pallet' is widely used in Latin America pronounced as with long ele.

palma fósil

And, yes, it is a fossil palm (in this case with its vegetable meaning) (for "fossilized"); although to reward that this time they did not eat the accent we can add that in esoteric, mystical or new age areas, it is considered that an object made with a fossil palm encourages meditation. 128550;

palmar

The lunfardo incorporated this Germany in its sense of "dying". The origin has several turns, in a late Latin *palmar* was "slapping, giving a palm blow", which was later interpreted as "giving something by force, by stroke and by surprise", where "give" can also be "deliver". The next version was to 'pat' her for "delivering life" (which was over- and her consequent 'palmar' for 'dying' even if it was not violently or unexpectedly. The meaning of "having to pay in hand (a debt), losing money" was used little because of the popularity that reached the previous one.
