

# SPANISH DICTIONARY

John Rene Plaut

## INTRODUCTION

amp.wordmeaning.org is an open and collaborative dictionary project that, apart from being able to consult meanings of words, also offers its users the possibility of including new words or nuancing the meaning of existing words in it. As is understandable, this project would be impossible to carry out without the esteemed collaboration of the people who follow us around the world. This e-Book, therefore, was born with the intention of paying a small tribute to all our collaborators.

John Rene Plaut has contributed to the dictionary with 11532 meanings that we have approved and collected in this small book. We hope that the reader is very valuable and if you find it useful or want to be part of the project, do not hesitate to visit our website, we will be delighted to receive you.

## **sabaoth**

In Hebrew Tsebaoth ????? it means armies. Hebrew is written from right to left because of the ancient need not to stain the papyrus or parchment with your hand as it was written and the ink was fresh. Vowels are usually not written and are put under the consonants so tzade, bet, h muda and tet are written, i.e. sbht The final h is an invention of translators to Greco-Latin phonemes. By extension it is called the heavenly army of Yahweh or Adonai, our God. It is also used (but little) as a nickname of God, as ruler of Israel, of the angels and of the stars. The reason was that the Bible forbade using God's name in vain, and the ancient religious sought alternatives, such as "or as a mute h to write the name of God as an extreme way to ensure that it is used only in the most sacred forms.
